Discussion of the Ludwig ALBERT Case

NSGA-89617-23797

1. Enough water has gone over the dam and O-2 attitudes have changed enough to make a discussion of the Subject case profitable for all concerned. The suggested approach process will endeavor to achieve the objective, although we would like a small premium prior to the meeting.
2. The only objection to the reference is the suggestion that General Willoughby should be the target for the briefing. It is most likely that, if he were briefed on the problem, he would only assign it to his staff, in this instance Col. Lindner, Chief of the CI Branch. Therefore we will request Lindner to choose a date between 4 and 11 June for a discussion of the Subject case. You will be advised of the date.
